### Community Garden Fair
SCHOOL NEWS

Honey just whinnied in reply (noisily may I say). As soon as she finished her riding lesson with Hunter she snuck into the woods for some peace and quiet (with Honey obviously). It was so peaceful in the woods. Pretty soon Anna found a beautiful waterfall with a stream and some small platypuses swimming around. She jumped into the stream, Honey trailing carefully behind.

“Oh it’s so beautiful in here Honey,” said Anna.

Honey neighed in agreement. Not so far away they heard Jackie and Rusty barking.

Chapter 4
Found and Grounded

Anna jumped out of the water and ran. She ducked behind a rock just in time. Hunter’s ute came rumbling through the woods. Belle on her horse and Bliss in the trailer of the ute. Jackie and Rusty ran to the water playing. Scaring the platypus lapping up water. Then Hunter got out and called.

“Anna please are you here” “Come home.” he said. "Hey honey" said Belle who had dismounted coco. "Do you know where she went, we are worried about her” she added coldly.

Anna knew she was not liked by Belle. She thought about yesterday when Belle had acted so nice, Anna knew she had a secret.

‘Found her!’ cried Bliss happily.

Hunter came running to the place where Anna was hiding.

“We were so worried,” he said sadly.

He flung his arms around her and they hugged tightly. It seemed like forever until they let go. As soon as they got home Anna said “I am so sorry for worrying you dad.”

“I don’t care if you’re sorry!” yelled Hunter “we were worried we lost you” he said a little quieter this time. “But….”

“No buts” said Hunter firmer than a giant, “you are grounded”.

“FINE!” she screamed and slammed her bedroom door.

Dear Parent/Carer

Nationally consistent collection of data on school students with disability- 2014

Our school is participating in the collection of nationally consistent data on school students with disability. We will be collecting information already available in the school about the support that is being provided to students with disability. Better data will help the Government plan for students with disability.

The data collection will have no direct impact on your child and they will not be involved in any testing process.

The NSW Department of Education and Communities will provide data to the Australian Government from all NSW public schools in such a way that no individual student or school will be able to be identified. In this way, we will ensure the privacy and confidentiality of all students.

All information is protected by privacy laws which regulate the collection, storage and disclosure of personal information. Information about the Australian Government's Privacy Policy can be found here: http://education.gov.au/condensed-privacy-policy. Information about the NSW Government's privacy policies can be found here: http://www.ipc.nsw.gov.au/

If you do not want your child to be counted in the data collection you must complete the attached form and return it to the school before the end of Term 2, 2014. A decision to exclude your child will not affect the support they currently receive.

Further information about the data collection can be found on the Australian Government Department of Education website:

If you have any questions about your child being included in the data collection please contact the school.

If you need help with English to make an enquiry contact the Telephone Interpreter Service on 131 450 and ask for an interpreter in your language. The operator will call the number you provide and get an interpreter on the line to assist you with your conversation. You will not be charged for this service.

Kind regards

Principal

If you do not want your child to be counted in the data collection, please complete the attached form and return it to the school before the end of Term 2, 2014.
