STRATEGIC PLANNING FOR 2015 AND BEYOND

During Terms 3 and 4 of the 2014 school year our evaluation and planning processes began so as to attempt to chart the best possible course for Bowraville Central School in the form of our 2015-17 School Plan. I am very grateful for the input we have had from all relevant parties throughout this important process. I look forward to sharing the most recent draft with P&C at their first meeting for the year on 26th February, and thereafter with all members of the broader school community through a variety of forums. All NSW Department of Education and Communities schools are required to complete this plan by the end of Term 1 2015.

Please take a few moments to familiarise yourself with the key objectives of what has been collaboratively determined thus far. All organisations need to have a plan for where they are heading. I am very proud of our stated aims as it is reflective of our High Expectations culture, where we expect the best of ourselves and each other, regardless of our role in the Bowraville Central School Community.

School Vision Statement:

To continually create a school of equity and high expectations for all - connected to the whole school community through best practice teaching and learning.

Strategic Direction 1: Enable the delivery of best practice, engaging Teaching and Learning

Strategic Direction 2: Facilitate individualised learning for every student where a scaffold of support and extension is built upon a platform of knowledge and understanding

Strategic Direction 3: To co-create with the Bowraville community a learning hub to which all feel a sense of connectedness

I take very seriously the collaborative nature of our planning processes, and so look forward to all discussions on how best to lift our great school to even greater heights.

Have a great week

Malcolm McFarlane

SCHOOL NEWS

SANDS stands for Support and New Directions for Students.

The SANDS Project is a fifteen year Wesley Mission DEC Links to Learning Project in cooperation with the three Nambucca Valley High Schools, Nambucca Valley Youth Services Centre and TAFE Outreach. A Links to Learning DET funded Project is designed to assist young people at school to establish realistic vocational goals and Life Skill competencies, and the pathways to achieving those goals and competencies.

In 2014 some students achieved a Certificate II in Skills for Work and Training through TAFE. They were provided with Work Experience in the industry of their choice and have worked with mentors to help them through. We will be speaking with students in Year 9 and their parents to choose the next group of students.

CANCER Council

The simplest way to protect your face, neck and ears!

Did you know that when it comes to sun protection, not all hats are equal?
We all know that hats help protect against skin cancer and eye damage. But did you know that baseball caps do not provide adequate protection? There is now very clear evidence that baseball caps leave the cheeks, ears, chin and back of the neck exposed to ultraviolet radiation, increasing your child's risk of skin cancer later in life.

**Bucket hat**
Bucket or surfer-style hats should have a deep crown and a low rim. The angled brim should be at least 6cm for children (6cm for adults) and shade the face, ears and back of neck.

**Broad brimmed hat**
Brim should be at around 5cm for children (7.5cm for adults). The brim should be proportional to the size of the child's head and provide shade for the whole face.

**Legionnaire hat**
Legionnaire-style hats should have a flap that covers the neck. The side flap and front peak (brim) should meet to protect the sides of the face.

Experience The Magic Of Hosting

"In July our exchange student, Toon, joined our family. And when I say joined he literally did that. He has become my teenage son. Our experience as a family has been amazing and unforgettable."

Toon is leaving this week and I feel like my son is grown up and leaving home. There is nothing negative that I can say about our time with Toon. Toon has been through all sorts of things with our family. Through good times, like the birth of our new daughter, and not so good times (our nothing bad).

I would like to say my respects to Toon’s parents. They have done a wonderful job raising such a courteous, well mannered, well balanced son. We have so many fantastic stories from this exchange experience. We have enjoyed it so much that we are hosting again next July. We will have a friend for life and will never forget Toon.

Thank you WEP for the chance to meet Toon. It wouldn’t have been possible without the WEP team. Only a quick few words to show my appreciation in meeting Toon and to WEP.

Explore The WORLD With WEP

"I hardly seem to have a spare moment here! After three weeks, things are starting to feel more and more normal and life here is starting to become natural. Sometimes it feels weird to speak English!!"

School, at first, was quite difficult because I am living in a small town, my whole class have known one another since they were little. However, they were all friendly and I have made acquaintance with just about the whole school, so there is always someone to talk to or ask questions. The language difference isn’t too much trouble. Minding is funny anyway and it’s good for breaking the ice!

My host family are very accommodating and always have new things to share and do with me. I am trying my best to do the same back, bringing my own bit of Australia here with me in Belgium. We are celebrating Australia Day tomorrow and I am teaching them how to make pavlova.
